DETAILED ACTION

This Office action responds to the amendment in paper no. 32 filed on 5/10/2004.

Continued Examination Under 37 CFR 1.114

1. A request for a continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after the final rejection in paper no. 31, mailed on 3/17/2004. Since this application is eligible for a continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/10/2004 has been entered.

Acknowledgment

2. Applicant's submission in paper no. 32, filed on 5/10/2004, responding to the Office action in paper no. 31, mailed on 3/17/2004, has been entered. The present Office action is made with all the suggested amendments being fully considered. Accordingly, pending in this Office action are claims 16-21.

Reasons for Allowance

3. Claims 16-21 are allowed.

4. The following is an examiner's statement of reasons for allowance:

None of the references of record shows or can be fairly combined to render obvious a method for forming an overlay target including a series of raised lines, the method comprising a step of depositing a second layer of material such that the lower surface of the second material is contiguous to a portion of the overlay target and the upper portion of said material does not conform to the topography of the overlay target, and wherein said material is substantially free, *as deposited*, of depressions in the portion covering the overlay target.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
